(By United Press.) San Antonio, Texas, June 19 .-General Funston stated this afternoon that the national guard will be mobilized in their respective states and that it's membership will be sent to the border only when he calls for TO RECRUIT WAR STRENGTH the various detachments. Washington, June 19 .- Secretary of War Baker took steps today to make the national guard available for immediate duty in Mexico. There never was a company of persons who were consulted on this subject today. A few years ago, Cecil Clark, son of Mr. and Mrs. Iz. body. M. Clark, attempted to organize a department of war.

Because Rushville has no state militia company does not mean that the average courage is below par. It is simply due to the fact that the city is so small it could not maintain a militia company. There are few if any cities in the state the size of Rushville with a company.

That Rushville and Rush county has just as much courage per square inch as any other place in Indiana and is just as patriotic is revealed by the fact that Rush county organized a volunteer company during the Spanish-American war. It was Company H. of the 161st Indiana, which went to Cuba but saw no active service.

James W. Gwinn was captain of the company and when the company left Rushville, John Joyce was first lieutenant and Henry Patton second lieutenant. After six weeks Joyce resigned and Henry Patton moved up as first lieutenant. The late George Caldwell succeeded Patton as sec ond lieutenant.

The 161st was commanded by Winfield T. Durbin of Anderson, later governor of Indiana. Company H. was called into the service by the president of the United States for a period of two years. It was organby Captain Gwinn and mustered out

A large barn on the Thomas Bever farm, near New Salem, burned this morning about three o'clock, entailing a loss of over \$3,000 with insurance of \$1,000. The origin of the fire is unknown and when discovered by the family of Samuel Bever, living on the farm, the barn was entirely in flames.

There was no stock in the barn, out the mow contained a large amount of hay. All of the farming implements were burned as it was impossible to enter the barn after the blaze was discovered. Two wagons and three buggies were also destroyed. The barn was practical-

Litigation Affecting Estate of Late Samantha J. Shoup of Waldron Compromised

DEFENSE WINS POND SUIT

Was For Conversion of Trust Funds and for an Accounting -Demand Was \$16,000

The famous gold fish pond case involving the estate of the late today," said Secretary Daniels, Samantha J. Shoup in which Thomas "Admiral Fletcher will have served a E. Trackwell, administrator of the estate, was the plaintiff and Mrs. Maggie Irvin. Chester Heck and cer and has accomplished much with Susie Brown were defendants, endan agreement was reached affecting of the fleet, and there is no other this and two other cases. All three of the cases were sent here from Shelbyville.

By the terms of the agreement Special Judge Raymond Springer found for the defendants in the gold fish pond case and for costs, except that the defendants are to pay the witness fees and mileage of L. S. Martin and Susie Brown. This case was for the conversion of trust funds and for an accounting and the amount demanded was \$16,000.

The case require six days to try last term of court and Judge Springer came here this morning to hear the final argument. The attorneys on both sides surprised the court by announcing that an agreement was about to be reached and many conferences were held this morning and finally at one o'clock this afternoon the agreement was reached. The other two cases involving the

same estate that were disposed of by reason of the settlement in the big suit were the claim of Mrs. Irvin against the estate for \$311.56. Mrs Irvin relinquished her claim and the court found for the defendant, the estate. The other suit was to satisfy and cancel a mortgage brought by Mrs. Irvin against Trackwell as administrator. By the finding of the court the mortgage and note are settled in full and the clerk of the Shelby circuit court is ordered to cancel them on his mortgage record. The costs in this case were divided between the parties.

The Trackwell suit involving the famous gold fish "farm" near Waldron was one of the hardest ever fought in the local court. It was elleged that the defendants had undue influence over the late Mrs. Shoup and in the trial the books of onel Roosevelt will publicly indorse the company were investigated for a Charles Evans Hughes, the Republiperiod of six or seven years At the can presidential candidate, immediatime the plaintiff closed the court tely after the meeting of the Profound for Susie Brown. one of the gressive national committee, June defendants, holding wat she was an 26, it was learned on high authority agent for Mrs Shoup and was in no today.

Succeeds Admiral Frank Fletcher as Head of Atlantic Fleet and Takes Rank of Admiral.

CHANGES ARE ANNOUNCED

Rear Admiral De Witt Coffman is Advanced to Position of Vice Admiral.

(By United Press.)

Washington, June 19 .- When Vice Admiral H. T. Mayo succeeds Admiral Frank F. Fletcher in command of the Atlantic Fleet today, he will be advanced to the rank of Admiral. Rear Admiral De Witt Coffman, commanding the sixth division of the fleet, will be advanced to the

Admiral Mayo. Admiral Fletcher will automatically become a Rear Admiral. He will receive an important short detail.

grade of Vice Admiral, succeeding

Secretary of the Navy Daniels announced these changes after a conference with President Wilson. The Secretary also conferred personally this week with Admirals Fletcher

and Mayo. "When relieved of the command little longer than fleet commanders usually serve. He is a splendid offithe flleet. He has completed his ed today in the circuit court when tour of duty as commanding officer reason for the change.

"Admiral Mayo is an officer of great ability, and has rendered splendii service," said Mr. Daniels. "He has the confidence of the officers and men in the entire fleet."

Admiral Mayo is the man who precipitated the trouble with Huerta which resulted in the occupation of Vera Cruz by American forces. The Admiral insisted that Huerta salute the American flag because of the arrest of American marines at Tampico when they went ashore to get mail. Later marines were landed at Vera Cruz, and Admiral Fletcher was in command of that movement.

unanimous In service circles oraise was given today to Mr. Daniels' selection of Vice Admiral Mayo for the most coveted of posts. There is a particular feeling of satisfaction at the appointment because of the fear that Vice Admiral Mayo's part in the Tampico affair during the critical days of the struggle with Huerta had placed the officer's star under a cloud.

But Admiral Fletcher proved a strong friend for Vice Admiral Mayo, and when the Atlantic Fleet was organized, with Admiral Fletcher in command, Read Admiral Mayo received command of the battleship squadron and of the first division, with the rank of vice admiral.

Vice Admiral Mayo comes to fleet command at the age of fifty-six, retiring in December, 1918. His recent duties have been as commandant of the Mare Island Navy Yard, aid for personnel, and division commander in the Atlantic fleet.

At the Gem theatre today, Baby Marie Osborne lost her amateur standing as a guileless kid and assumed the professional dignity of an honest-to-goodness leading lady in movieland. "Little Mary Sunshine" is one of those "once upon a time," butterflies through whose gauzy wings life is seen in rare and delightful tints. Americanism and Others.

The Republicans nominated Justice Huges for the presidency and he immediately chose "Americanism" for his campaign slogan. The Progressives at the same time nominated Colonel Roosevelt, and the colonel who is well known as a staunch advocate of Americanism, although he may yet decline the nomination. Later the Democrats renominated President Wilson, whose slogan is also "Americanism" and whose views along this line have been repeatedly voiced.

Thus it is seen that whoever may be elected in November, Americanism is to be the watchword of the future.

It is well, for is there is one thing above all else that is needed in this country it is a strong and ever increasing spirit of Americanism.

But while the presidential aspirants are agitating Americanism, let us of the local community coin a few "isms" for our own individual and collective weal, and force them through with the same energy and

America needs Americanism, and in like measure our own community needs a broader spirit of Communityism. We should annex an "ism" to our homes, and to our business enterprises, and our schools, and churches, and societies, and to every other feature of our local existence.

. We should make those "isms" integral parts of our every day life, and pursue them to a successful les E. Hambrock. conclusion in every case.

We should raise the standard of Communityism and rally every citizen to the colors.

Give us Americanism for the good of our country, but let us have Communityism for the weal of our women, and our children, and homes, and ourselves.

Let's make "Americanism and Communityism" the slogan Rushville and this countryside.

Let's do it now!

The local butcher who told a Republican reporter that the price of meats has increased 150 per cent., evidently overlooked the fact that Uncle John W. You will find, in all probability, an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. YOUR DENTIFRICE does not FULLY CLEAN! Loss of teeth is caused usually by one of two conditions-Pyorrhea or decay, both of which develop, as a rule, only in the mouth where germ-laden tartar is present.

SENRECO, the recently discovered formula of a dental specialist, is two-fold in its action. First, it REALLY CLEANS, embodying specially prepared, soluble granules unusually effective in cleaning away food deposits. Second, it is particularly destructive to the germ of Pyorrhea. Yet it is perlectly safe, containing neither injurious chemicals nor hard grit.

FANCY OFFERS TURNED DOWN

Have One Chance in Four of Living.

London, June 10-(By Mail)-Life insurance in wartime is a difficult problem for the man who wants to be insured. Also for the insurance company.

Soldiers cannot get life insurance. No company will take the risk. But the life insurance companies of England are so game that the man earrying life insurance at the time he went to the front is assured that his widow and family will receive his insurance money, no matter how he may be killed.

All life insurance policies issued in the United Kingdom have always borne a clause that the companies would not pay for death caused by war. Nobody expected war; therefore nobody objected to the clause. But when war began and the men of England marched off to the front from their desks and their offices, the directors of life insurance companies met and decided that in spite of the war clause they would pay for by five of the physician-pupils. deaths in war on all outstanding policies, but would issue no new policies on the lives of men going to the

"Yes, just as if he were an ordinary soldier. We've paid on the death of more than one man who was killed in the air."

The insurance companies, early in the war, made an attempt to prepare a policy for soldiers and officers. At first, the policy holder was asked to pay a premium of \$16 on every \$100. The rate went up to \$18 murderer be paroled for the crime they chose the latter course.

The parents of the pupils and several special guests were invited to enjoy the program, after which refreshments were served. Four music teachers from Indianapolis were present, among them Mrs. Buzatt of the College of Musical Art, Mrs. Klepfer, of the Teachers School and Mrs. Ricker of Irvington.

Secretary Baker Seeks Authority to Order State Militia Into Fereign Territory

SENDS CONGRESS REQUEST.

Chairman Hay Will Ask House Late Today For Unanimous Consent to Gain Passage

MEXICANS REINFORCE

Laredo, Texas, June 19 .- Seven hundred and fifty reinforcements including 250 artillerymen arrived in Laredo, Mexico, opposite here yesterday and paraded the streets.

TO GO TO BORDER ON CALL

San Antonio, Texas, June 19 .-General Funston stated this afternoon that the national guard will be mobilized in their respective states and that it's membership will be sent to the border only when he calls for the various detachments. He added that it possibly will be some time before any of the troops reach the Call to Arms in Indiana Means Pro-

Washington, June 19 .- Secretary of War Baker took steps today to make the national guard available for immediate duty in Mexico. The secretary through General Crowder sent a copy of a special resolution to Chairman Hay of the house military affairs committee, which, if acted on favorably by congress, would make effective at once that section of the new army law which gives the war depriment authority to order the militia into foreign ter-

Neither Scott nor Crowder would discuss the statement. Other members of the staff insisted it was merely a "precautionary plan". They said the situation was admited-"teemed with the wildest possibilities" and that every effort would be made to be completely prepared for any eventuality.

Chairman Hay, of the house military affairs committee, said he would ask unanimous consent this afternoon for the passage of the war department's resolution advancing enactment of the section of the new army bill permitting use of militia on foreign soil.

If unanimous consent is not granted by the house Hay will obtain through his party majority a special rule to put the matter through with all speed.

Admitting the gravity of the sitnation, Secretary Lansing said to-

day: "There is more excitement and ir-

ritation in Mexico than heretofore. The statement was the more significant in view of Lansing's persistent refusal for weeks past to make any comment except to mention. "cooperation" with the de facto gov-

ernment. Announcement that the note would go today was made after the Mexican embassy had delivered a secret note to Lansing, presumably a request that this government's reply be hastened.

Consul John E. Silliman is enroute for the border, leaving the interior of Mexico without any full American consul in charge. Meantime new warnings to Americans to quit the

troubled country have gone forward. Mobilization of the militia proceeded throughout the country today. No orders dispatching any of those forces to the horder had of the men may never see border duty. Making them available, how ever, is a precaution against trouble -calling Carranza's bluff and perhaps averting a war.

Washington Replies to Carranza's Note With 10,000 Words

(By United Press.)

Washington, June 19 .- The American reply to Carranza's last note on withdrawal of United States forces will be enroute to the de facto government before night.

In clear unmistakable language the note declines to withdraw the American forces and answers Carranza's misstatements of facts and points to many incidents which make City and County Not Lacking in United Presbyterians, Who Former it imperative that the Pershing expedition remain. The message is 10,000 words or more.

(By United Press.) Indianapolis, Ind., June 19 .- First steps were taken today to make the Indiana National Guard ready for service on the Mexican border. Addiana National Guard:

"Mobilize at once, home station. Recruit war strength. Report to regimental commander when Syou have minimum peace strength required, ready to move."

At General Bridges' headquarters it was said that as soon as companies have been recruited to minimum peace strength they will be ordered to Fort Benjamin Harrison. Governor Ralston received the or-

der from Secretary, of War Baker about 11:30 a. m. today and immediately replied as follows:

"Your call for troops on account of the Mexican situation shape been received and steps will be taken to comply therewith without delay."

The call to arms in Indiana means that probably 2,800 men will assemble at Ft. Benjamin Harrison within from twenty-four hours to ten days for service on the Mexican border. The actual number of men and officers of the Indiana national guard, now enlisted is 2,537, according to estimates prepared by Franklin L. Bridges, adjutant-general of India-

Patriotism as Was Revealed in Spanish-American War

Rushville has no state militia company else there would be a lot of Rushville men this morning resting on their arms because the president has called out all the state militia for duty in Mexico or on the bor-

There never was a company of state militia here, according to many persons who were consulted on this subject today. A few years ago, Cecil Clark, son of Mr. and Mrs. Iz. M. Clark, attempted to organize a company here but could not get the required number of men. If he had succeeded, however, it is likely the company would have gone the way of many others in Indiana cities which have been mustered out because they did not keep up to the standard set by the United States deparment of war.

Because Rushville has no state militia company does not mean that the average courage is below par. It is simply due to the fact that the city is so small it could not maintain a militia company. There are few if any cities in the state the size of Rushville with a company.

That Rushville and Rush county has just as much courage per square inch as any other place in Indiana and is just as patriotic is revealed by the fact that Rush county organized a volunteer company during the Spanish-American war. It was Company H. of the 161st Indiana, which went to Cuba but saw no active service.

James W. Gwinn was captain of the company and when the company left Rushville, John Joyce was first egraphed the following order to all lieutenant and Henry Patton second company commanders in the In- lieutenant. After six weeks Joyce as first lieutenant. The late George Caldwell succeeded Patton as second lieutenant.

The 161st was commanded by Winfield T. Durbin of Anderson, later governor of Indiana. Company H. was called into the service by the president of the United States for a period of two years. It was organized during the mouth of June, 1898 Origin of Fire on Thomas Bever by Captain Gwinn and mustered out April 30, 1899

Geston P. Hunt, present postmaster, was first sergeant and Joseph J. Caldwell was second sergeant. Charles E. Wolfe, Edgar Stiers, Jess W. Alles and Fred R. LAST SERVICE IN OLD CHURCH

ly Owned Structure, Participated Sunday Night

The last service in the old Baptist church was held last night and the work of wrecking the building to make way for the new modern church will start next Monday. The old building was originally used by the United Presbyterian congregation and out of sentiment for the building the United Presbyterian congregation attended the final service in the church last night, in a body.

The contract for the new building has been awarded to Elisha Williams of this city for \$9,029. This sum does not include lighting, heating, plumbing nor furnishing. Work of dismantling the old church will start this week and everything will be in readiness for the work of tearing down the structure, which is expected to start next Monday.

Starting next Sunday and continning until the new church is completed the Baptists will hold their services in the assembly room of the Maggie Irvin. Chester Heck and court house.

Wednesday and Friday nights of this week the old church will be turned over to the women of the church for socials. On Wednesday evening starting at five o'clock ice cream, strawberries, cake, lemonade, pop and home made candies will be served. On Friday evening the women will serve a penny supper starting at five o'clock. A menu of that the defendants are to pay the cream chicken, cottage cheese, salad, baked beans, etc., will be served. Preparations are being made for large crowds both evenings. The chairs and church furniture will be removed and 100 can be served at a time. A parcel post sale will also be held on Friday evening.

Farm Near New Salem This Morning Remains a Mystery

NO LIVE STOCK IN THE BARN

A large barn on the Thomas Bever farm, near New Salem, burned this morning about three o'clock, entailing a loss of over \$3,000 with insurance of \$1,000. The origin of the fire is unknown and when discovered by the family of Samuel Bever, living on the farm, the barn was entirely in flames.

There was no stock in the barn, but the mow contained a large amount of hay. / All of the farming implements were burned as it was impossible to enter the barn after the blaze was discovered. Two wagons and three buggies were also destroyed. The barn was practically a new one being erected at a cost of \$2,100. The dimensions were 62 feet by 36 feet.

Litigation Affecting Estate of Late Samantha J. Shoup of Waldron Compromised

DEFENSE WINS POND SUIT

Is Was For Conversion of Trust Funds and for an Accounting -Demand Was \$16,000

The famous gold fish pond case involving the estate of the late Samantha J. Shoup in which Thomas E. Trackwell, administrator of the estate, was the plaintiff and Mrs. Susie Brown were defendants, ended today in the circuit court when an agreement was reached affecting this and two other cases. All three of the cases were sent here from Shelbyville.

By the terms of the agreement Special Judge Raymond Springer found for the defendants in the gold fish pond case and for costs, except witness fees and mileage of L. S. Martin and Susie Brown. This case was for the conversion of trust funds and for an accounting and the amount demanded was \$16,000.

The case require six days to try last term of court and Judge Springer came here this morning to hear the final argument. The attorneys on was in command of that movement. both sides surprised the court by announcing that an agreement was about to be reached and many conferences were held this morning and finally at one o'clock this afternoon the agreement was reached.

The other two cases involving the same estate that were disposed of by reason of the settlement in the big suit were the claim of Mrs. Irvin against the estate for \$311.56. Mrs Trvin relinquished her claim and the court found for the defendant, the estate. The other suit was to satisfy and cancel a mortgage brought by Mrs. Irvin against Trackwell as administrator. By the finding of the court the mortgage and note are settled in full and the clerk of the Shelby circuit court is ordered to cancel them on his mortgage record. The costs in this case were divided between the parties. The Trackwell suit involving the

famous gold fish "farm" near Waldron was one of the hardest ever fought in the local court. It was elleged that the defendants had undue influence' over the late Mrs. Shoup and in the trial the books of the company were investigated for a period of six or seven years. At the time the plaintiff closed the court found for Susie Brown, one of the defendants, holding at she was an agent for Mrs Shoop and was in no way responsible for the conversion of any funds. The ending of the case caused a surprise because it had been carefully fought over a period of six days and it was believed than the parties would let the court de-

Head of Atlantic Fleet and Takes Rank of Admiral.

Succeeds Admiral Frank Fletcher as

CHANGES ARE ANNOUNCED

Rear Admiral De Witt Coffman is Advanced to Position of Vice Admiral.

(By United Press.) Washington, June 19 .- When Vice

Admiral H. T. Mayo succeeds Admiral Frank F. Fletcher in command of the Atlantic Fleet today, he will be advanced to the rank of Admiral. Rear Admiral De Witt Coffman, commanding the sixth division of the fleet, will be advanced to the grade of Vice Admiral, succeeding Admiral Mayo.

Admiral Fletcher will automatically become a Rear Admiral. He will receive an important short detail.

Secretary of the Navy Daniels announced these changes after a conference with President Wilson. The Secretary also conferred personally this week with 'Admirals Fletcher and Mayo.

"When relieved of the command today," said Secretary Daniels, 'Admiral Fletcher will have served a little longer than fleet commanders usually serve. He is a splendid officer and has accomplished much with the fileet. He has completed his tour of duty as commanding officer of the fleet, and there is no other

reason for the change. "Admiral Mayo is an officer of great ability, and has rendered splendii service," said Mr. Daniels. He has the confidence of the officers and men in the entire fleet."

Admiral Mayo is the man who precipitated the trouble with Huerta which resulted in the occupation of Vera Cruz by American forces. The Admiral insisted that Huerta salute the American flag because of the arrest of American marines at Tampico when they went ashore to get mail. Later marines were landed at Vera Cruz, and Admiral Fletcher

circles unanimous In service praise was given today to Mr. Daniels' selection of Vice Admiral Mayo for the most coveted of posts. There is a particular feeling of satisfaction at the appointment because of the fear that Vice Admiral Mayo's part in the Tampico affair during the critical days of the struggle with Huerta had placed the officer's star under a cloud.

But Admiral Fletcher proved a trong friend for Vice Admiral Mayo, and when the Atlantic Fleet was organized, with Admiral Fletcher in command, Read Admiral Mayo received command of the battleship squadron and of the first division, with the rank of vice admiral.

Vice Admiral Mayo comes to fleet command at the age of fifty-six, retiring in December, 1918. His reent duties have been as commandant of the Mare Island Navy Yard, aid for personnel, and division commander in the Atlantic fleet.

Woman's Franchise League Equal Suffrage Association May be Consolidated.

CONFERENCE BEING HELD

Two Associations Working Toward Same Entl Have Heretofore Pursued Separate Paths.

Indianapolis, June 19.—Consumation of the long cherished plan for uniting the Woman's Franchise league of the state and the Equal Suffrage association was in prospect with arrival today of Mrs. Carrine Chapman Catt, national suffrage leader. The two associations, which though working toward the same end, have therefore pursued separate paths, met in joint session.

The conference, which will be continued tomorrow, brought together most of the leading suffragists in the state for the first time. Mrs. Catt and Mrs. William McNab Miller of Missouri, national auditor, were quite optimistic, Indianapolis being the first city visited following the victory of the suffragists in their efforts to secure insertion of a suffrage plank in the Republican and Democratic platforms.

. The suffragists will attend a banquet fonight in Mrs. Catt's honor at the Claypool hotel. The banquet will be followed by an open meeting at the Masonic Temple. Two meetings will be held at the Masonic Temple tomorrow.

In connection with the suffrage meeting the Congressional Union is holding a series of street meetings in an effort to reach the common citizen who is not interested enough in suffrage to attend the other meetings. Amusements.

At the Gem theatre today, Baby Marie Osborne lost her amateur standing as a guileless kid and assumed the professional dignity of an honest-to-goodness leading lady in movieland. "Little Mary Sunshine" is one of those "once upon a time," butterflies through whose gauzy wings life is seen in rare and delightful tints. Five reels isn't a scene too long for Baby Osborne, who, thank heaven doesn't realize the charm of her fat little self and never overdoes the "saccharine stuff." Henry King, Margaret Nichols and Andrew Arbuckle support Miss Baby in this production. It was shown at the matinee today and will be the bill tonight. Tomorrow the last episode of "The Girl and the Game" will be shown.

The Mystic will show the three act drama "Her Big Brother" for the first picture of tonight's program. It is said to be a fine drama telling a thrilling story. The other picture is a comedy "Roney's Sad Case." Mr. and Mrs. Sidney Drew are featured. Tomorrow matinee; and night the three act drama "Sold to Satan" will be shown.

"The Woman Pays" is the title of the feature picture at the Princess tonight. Valli Valli, Edward Brennan and Marie E mpress are feat-ured. It is an absorbing drama which centers around the vanity of a woman who brings her husband to the verge of financial ruin. One of the big scenes in the picture shows a wonderfully realistic storm where a tree is struck by lightning and driven through a bay window of a home where a ball his in progress. The theme of the stony is handled in a new and refreshing manner and Miss Valli Valli is given ample opportunity to display her ability. Tomorrow the three act drama "Sins Penalty" will be show a in which Mary Anderson is featu red.

A Pathe Gold Rooster Play in five big acts.

Baby Marie Osborne is the littlest leading lady in the world. A bear also plays an important part. When one of the neighbors told her "Mother'd gone to Heaven, she started out to follow-'cause she was fond of mother." Of course, she didn't find her, but she found happiness; and so will you if you see this sweet and accomplishel little girl in "LITTLE SUNSHINE MARY."

The Republicans nominated Justice Huges for the presidency and he immediately chose "Americanism" for his campaign slogan. The Progressives at the same time nominated Colonel Roosevelt, and the colonel who is well known as a staunch advocate of Americanism, although he may yet decline the nomination. Later the Democrats renominated. President Wilson, whose slogan is also "Americanism" and whose views along this line have been repeatedly voiced.

America needs Americanism, and n like measure our own community needs a broader spirit of Communityism. We should annex an "ism" to our homes, and to our business enterprises, and our schools, and churches, and societies, and to every other feature of our local existence.

We should raise the standard of Communityism and rally every citizen to the colors.

Let's make "Americanism Communityism" the slogan Rushville and this countryside. Let's do it now!

Americanism The Issue. (Washington Post.)

"Actions speak louder words," and however strong was the Americanism of the Baltimore platform, however strong the Americanism of the St. Louis platform may be made, the electors of the United States will judge the Democratic party by the actions of its administration, not by the eloquent words of the President, not by the assertions of members of the cabinet, not by the declarations of the orators in the campaign.

What American citizen in 1912 could read without admiration for its patriotic declaration the following sentence from the Baltimore

They will respond; every one of them will tell the story, but the marked and unmarked graves of the country murdered by Mexican assassins during the past three years tell the tale of Democratic protection of our people more truly and eloquently than all the other witnesses that can be called. Every Clyde G. It is an era of Americanism. The issue is made for this campaign.

What does the Democratic record testify to?

Life Insurance in War Time is Difficult Problem For Companies

Companies Say Men Fighting in Aid Have One Chance in Four of Living.

London, June 10-(By Mail)-Life insurance in wartime is a difficult problem for the man who wants to be insured. Also for the insurance company.

Soldiers cannot get life insurance. No company will take the risk. But the life insurance companies of England are so game that the man carrying life insurance at the time he went to the front is assured that proposed \$500,000 endowment is alhis widow and family will receive his ready pledged. Research in tuberinsurance money, no matter how he may be killed.

All life insurance policies issued in the United Kingdom have always borne: a clause that the companies would not pay for death caused by war. Nobody expected war; _therefore nobody objected to the clause. But when war began and the men of England marched off to the front from their desks and their offices, the directors of life insurance companies met and decided that in spite of the war clause they would pay for deaths in war on all outstanding policies, but would issue no new policies on the lives of men going to the

The life insurance companies have paid out for the death's of men killed in battle a tremendous sum.

"Isn't it possible for a rich man, going to the front, to secure life insurance, if he is willing to puy enough for it?," an insurance man was asked.

"No. We've had all kinds of fancy offers, but we cannot make rates of any kind. The man who wished battlefield insurance would have to pay us much more money in premiums than we could pay his bene-

'Yes. Flying men. We figure the odds are four to one against them." "But if a flying man was carrying ife insurance before the war, would

you pay for his death?" "Yes, just as if he were an ordinry soldier. We've paid on the death of more than one man who was killed in the air."

The insurance companies, early in the war, made an attempt to prepare a policy for soldiers and officers. At first, the policy holder was nsked to pay a premium of \$16 on every \$100. INDIANA IS ON THE ALERT

This Proved by Registerations at School of Civies and Philanthrophy.

Indianapolis, Ind., June 19.-A unique military factory established at Saranac Lake., in May is now working full time. To equip medical men with the most modern accouterments for the fray, the Trudeau School for Tuberculosis was established by friends of the movement in the City that cradled the sanatorium movement in America. Half of its culosis having been shut off in Europe by the war and many medical colleges having failed to equip their graduates for tuberculosis work, this establishment is especially timely. Among the first seventeen to register were physicians from Washington and Maine from Mississippi and Canada; the one coming farthest being from India.

Cured victims of the plague are represented in this school by the manager, Dr. Edwin R. Baldwin and by five of the physician-pupils.

That Indiana anti-tuberculosis campaigners are alert to increase their efficiency is shown by the fact that the following named public health narses have registered with the Chicago School of Civies and Philanthrophy for the summer community nurse course: Miss Olive Bailey, South Bend, Miss Hildegarde Crauel, Indianapolis, Miss Ida J. McCaslin Logausport, Miss Lora B. Roser, Rushville while Miss Irma Collmer of the St. Joseph County Society for the Prevention of Tuberculosis is registered for the secretaries' summer course of methods with the National Association for the Study and Prevention of Tuberculosis in New York City.

These schools will not provide trained recruits in the winning campaign against the Great White Plague.
